

## Bollard – A safety post

### SB1001

#### A SAFETY POST PERMANENTLY MOUNTED

The SB1001 security bollard is a durable 304 stainless steel post available in three diameters (Ø133, 168, 219 mm). It features an IP68 waterproof rating and high corrosion resistance. With optional remote-controlled RGB LED lighting, it is an ideal solution for demanding perimeter security systems.

#### MAIN FEATURES

- Ⓢ Fixed bollards come in a variety of sizes to suit a range of security needs
- Ⓢ These security bollards are available in three different sizes, 133mm, 168mm, and 219mm in diameter
- Ⓢ Passed the international SGS IP68 protection grade certification, can be covered in water to work
- Ⓢ 304 stainless steel for cylinder, flange and top cover
- Ⓢ Strictly antirust treatment for Q235 steel (A3) pre-embedded section, attractive and durable
- Ⓢ Flange groove design for aesthetics and skid proof
- Ⓢ Optional rubber LED warning light with multiple highlight colors, and remote control function
- Ⓢ 3M-DG3 reflective tape, visual range 600m

## TECHNICAL DATA

Model	SB1001
Dimensions	φ340 * 805mm
Height Aboveground	600mm
Height Underground	205mm
Cylinder Diameter	219mm (168/133mm Optional)
Cylinder Thickness	6mm (3/8/10/12mm Optional)
Weight	31kg (15kg, 21kg Optional)
Material of Cylinder	304 Stainless steel
Pre-embedded Section	Q235 Steel (A3)
Material of Flange	304 Stainless steel-Brushed
Material of Top Cover	304 Stainless steel-Brushed
Reflective Tape	3M-DG3, 50mm
LED Warning Light (Optional)	12VLED strip, RGB, Remote control
