

#### REMOVABLE SAFETY POST

Removable SB1002 bollard in 304 stainless steel, available in three sizes (Ø133, 168, 219 mm). Features a triangle locking mechanism, hand grip, and 3M reflective tape (600m range). IP68 certified with a skid-proof flange, it is designed for securing schools, parks, and military facilities.

#### MAIN FEATURES

- ⊗ Removable bollards come in a variety of sizes to suit a range of security needs
- ⊗ These security bollards are available in three different sizes, 133mm, 168mm, and 219mm in diameter
- ⊗ With triangle locking mechanism, bollards can be easily installed and removed
- ⊗ 304 stainless steel for cylinder, flange, top cover and hand grip
- ⊗ Passed the international SGS IP68 protection grade certification, can be covered in water to work
- ⊗ Flange groove design for aesthetics and skid proof
- ⊗ 3M-DG3 reflective tape, visual range 600m
- ⊗ With hand grip to facilitate lift and movement
- ⊗ Application area: school, park, stadiums, government facilities, and military facilities...

## TECHNICAL DATA

Model	SB1002
Dimension	φ340 *745mm
Height Aboveground	600mm
Height Underground	210mm
Cylinder Diameter	219mm (133/168mm optional)
Cylinder Thickness	6mm (3mm optional)
Weight	37kg (20kg, 26kg Optional)
Drainage system	Optional
Cylinder	304 stainless steel-brushed
Pre-embedded Section	304 stainless steel+Q235 steel (A3)
Flange	304 stainless steel-brushed
Top Cover	304 stainless steel-brushed
Hand Grip	304 stainless steel-polished
Reflective Tape	3M-DG3, 50mm
