

## Key depository

### K11

#### KEY DEPOSITORY

K11 key depository allows the key to be handed over safely to the client of an apartment, hotel or friend without the need for personal contact. The operation of the device is simple - just hang it in front of the door, insert the keys and pass the code to the authorized target person.

#### MAIN PRODUCT FEATURES

- ⊕ Up to 10,000 code combinations can be set
- ⊕ It can hold both mechanical keys, cards or car keys
- ⊕ The key depository K11 has factory-prepared mounting holes
- ⊕ The set includes dowels, mounting screws and instructions in Polish language
