

Remote

vG-R1 Key FOB

REMOTE

vG-R1 Key FOB is a remote control that allows you to open remote locks. Thanks to its small size, it can be easily attached to e.g. keys.

MAIN FEATURES

- ⦿ The remote control is used to open remote apartment locks
- ⦿ The device has a low battery LED and two buttons - one for opening the lock and the other for blocking
- ⦿ The remote control is added to the lock using the TTlock application
