TECHNICAL DATA

Model	BW-411
Dimensions	1460*1250*2180mm
Material	Stainless steel 304
Arms	120 ° rotors with 3 sections or 90 ° rotors with 4 sections
Net weight	200 kg
Passage width	650mm
Passage direction	Optional: one-way or two-way
Power supply	AC220V/110V, 50/60Hz
Voltage	24V DC
Energy consumption	40W
Working temperature	-15°C up to 60°C
Working humidity	0-95%
Working environment	External/Internal
Troughput	35-40 persons per minute
Emergency opening	Automatic lowering of the arms after disconnecting the power supply
Communication	Dry Contact, Relay Signal, RS485
