

Scandinavian Electronic Lock

EXLH-S020

SCANDINAVIAN ELECTRONIC LOCK FOR OFFICE

The narrow electric handle EXLH-S020 in Scandinavian style is an elegant and functional solution dedicated to office doors. Managed via the Evokey app, available for Android and iOS systems, it allows for opening doors with a smartphone, adding Mifare 13.56 MHz cards and key fobs, viewing event history, and monitoring battery charge level. This is a modern combination of style, convenience, and advanced technology.
