

Cabinet lock

KR-T153-BT

CABINET LOCK

KR-T153-BT Cabinet lock is the perfect solution for employee lockers, swimming pool lockers, gym lockers, and other lockers in places requiring secure access. The device operates in two modes: public (swimming pool), where the user occupies the first available locker, and private, intended for permanent users. The lock is managed using a dedicated phone application, which allows the administrator to conveniently control access and manage users. The Bluetooth feature enables opening the lock using a smartphone, enhancing ease of use. In case of battery depletion, emergency power can be supplied via a USB-C port, ensuring quick access to the locker's contents.

MAIN PRODUCT FEATURES

- ⌚ Easy to use - Managed via a phone application.
- ⌚ Durability and reliability - Waterproof (IP66).
- ⌚ Advanced security - Configuration of the lock and generation of one-time passwords (OTP).
- ⌚ Multiple unlocking methods - Can be unlocked via password and Bluetooth application.
- ⌚ Emergency power supply - Equipped with a Type-C port for emergency charging.
- ⌚ Wireless lock updates - Supports OTA updates.
- ⌚ Long lifespan - Rated for 500,000 uses and corrosion-resistant.

TECHNICAL DATA

Model	KR-T153-BT
Material	ABS + Zinc Alloy
Dimensions	153 × 40 × 21 mm
Power Supply	3 AAA batteries (4.5V)
Unlocking Methods	Password/Bluetooth
Protection Class	IP66
Working Temperature	-20°C to +65°C
Humidity Range	10% - 90% RH
Door Thickness	1–16 mm
Low Voltage Alarm	3.3V
Certifications	CE, ISO9001, RoHS
