

Speedgate

BS-DSQ60-SS

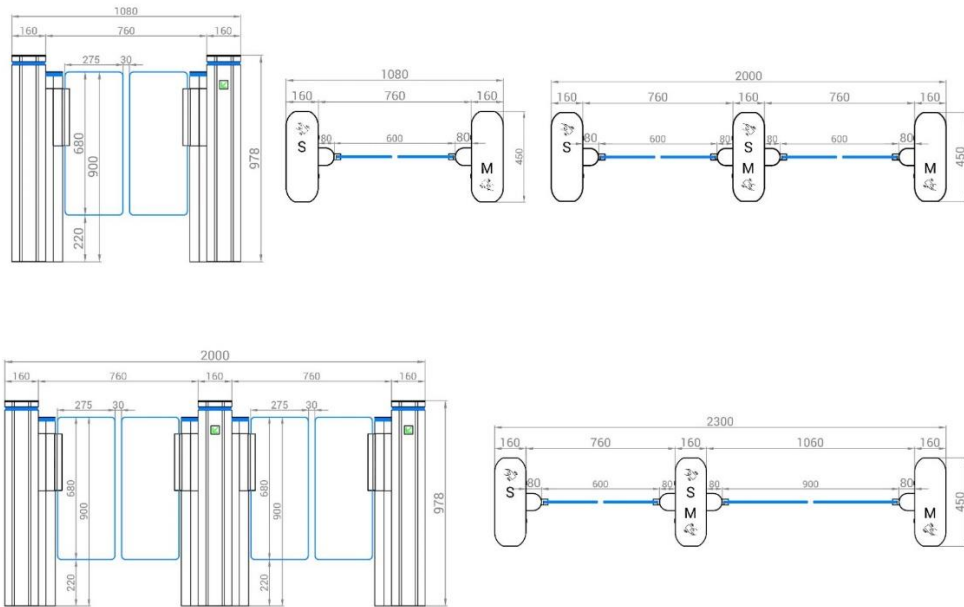

SPEEDGATE

The BS-DSQ60-SS speed gate is a compact and high-speed access control solution designed for high-traffic environments. The stainless steel version ensures durability, premium appearance, and resistance to intensive use.

MAIN PRODUCT FEATURES

- ⊕ Ultra-fast opening (~0.1 s), up to 45 persons/min
- ⊕ Compact design for limited spaces
- ⊕ Passage width adjustable from 600 to 1200 mm
- ⊕ Glass height up to 1800 mm for higher security
- ⊕ Single or bi-directional operation
- ⊕ Smooth and quiet operation
- ⊕ Low power consumption
- ⊕ Compatible with all access control systems
- ⊕ LED status indicators (green / red / blue)
- ⊕ Fire alarm integration (automatic opening)
- ⊕ Anti-collision and anti-intrusion functions
- ⊕ 3-year warranty

TECHNICAL DATA

Model	BS-DSQ60-SS
Throughput	up to 45 persons/min
Opening time	~0.1 s
Passage width	600–1200 mm
Glass height	900–1800 mm
Housing material	stainless steel (SS)
Operation mode	one-way / two-way
Power supply	230 V AC
Control	access control signal
Indicators	RGB LED (green / red / blue)
Sensors	infrared
Safety features	anti-tailgating, anti-intrusion, anti-collision
Fire integration	automatic opening
Installation	indoor
