

Fail-secure (NC) electric strike

12V AC/DC

FAIL-SAFE ELECTRIC STRIKE

The fail-secure (NC) electric strike 12V AC/DC is a durable and reliable solution for doors, gates, and wickets. Operating in normally closed (NC) mode, it ensures security in case of power failure. Compatible with intercom and access control systems, it offers quiet operation and easy installation.

PRODUCT MAIN FEATURES

- ⊗ Fail-secure (NC) operation – locked without power
- ⊗ 12V AC/DC supply – compatible with most systems
- ⊗ Durable metal construction – long-lasting performance
- ⊗ Vertical and horizontal installation – flexible mounting
- ⊗ Quiet operation – user comfort

TECHNICAL DATA

Model	NC 12V AC/DC
Type	Fail-secure (NC)
Power supply	12V AC/DC
Width	16.5 mm
Latch adjustment	3 mm
Mounting spacing	52 mm
Installation	Vertical / horizontal
Material	Metal housing
Application	Doors, gates, wickets, intercom and access control systems
