

FLAT STRIKE PLATE

The JIS 910X INOX flat strike plate is a durable and aesthetic solution for mounting electric strikes in aluminum doors and windows. Made of matte stainless steel, it offers high corrosion resistance and long-term reliability. Its universal design allows installation regardless of door handing.

MAIN PRODUCT FEATURES

- ⊕ High-quality stainless steel (INOX) – corrosion resistance
- ⊕ Flat design – clean and discreet appearance
- ⊕ Standard 52 mm mounting spacing – easy installation
- ⊕ Universal (left/right) – no door handing required
- ⊕ Precise dimensions – secure and stable mounting
